SUMMARY

Informatics Engineering graduate with a strong interest in Software Development and Front-End Development. Hands-on experience in building responsive and user-friendly web applications through academic projects and intensive training programs, utilizing technologies such as React.js, JavaScript, Tailwind CSS. Possesses a solid foundation in software development principles, problem-solving, and modern web technologies. Highly motivated to contribute, learn, and grow as a Software Engineer or Front-End Developer.

EDUCATION

Universitas Mercu Buana

Bachelor of Informatics Engineering

GPA: 3.89 / 4.00

Jakarta, Indonesia

2022 – 2026

SMA Negeri 1 Kab. Tangerang

Science

Average score: 87.91 / 100.00

Tangerang, Indonesia

2019 – 2022

WORK EXPERIENCE

Freelance Web Developer

Sinar Kencana Toko Kaca dan Aluminium

Aug. 2026 – Present

Remote

- Developing a responsive company profile website to strengthen the company's digital presence and showcase its glass and aluminium products and completed projects.
- Designing and implementing responsive user interfaces using HTML, CSS, and React.js
- Collaborating directly with the client to gather requirements, provide project updates, and refine website features based on feedback throughout the development process.

Coding Camp 2025 - Front End Developer

DBS Foundation and Dicoding Indonesia

Feb. 2025 – July 2025

Remote

- Selected as one of 2,500 students from over 63,000 applicants across Indonesia to participate in the competitive 16-week Coding Camp 2025 program.
- Collaborated with a cross-functional team to develop **Kicau Finder**, a machine learning-powered web platform for bird sound identification by designing responsive, user-friendly interfaces and user flows.
- Developed multiple web applications using React.js, including a Story App with photo upload and location features, a Notes App integrated with RESTful APIs, and a library management application with book borrowing status management functionality.

Laboratory Assistant - UI/UX Division

Universitas Mercu Buana - Faculty of Computer Science

Feb. 2024 – June 2024

Jakarta

- Contributed to the UI/UX Division by supporting user interface and user experience learning activities, assisting students in applying design principles and prototyping concepts.
- Guided students in understanding programming concepts and troubleshooting technical issues during laboratory sessions.
- Prepared and maintained laboratory facilities, including classroom setup and computer configuration prior to practical sessions.
- Also assisted lecturers in SQL laboratory sessions by providing technical and academic support to students.

Technical Support Staff

Regional Student Skills Competition (LKS SMK)

May. 2024

Jakarta

- Installed and configured competition software, including Adobe Illustrator, Adobe Photoshop, Figma, and Laravel, on 40 participant computers to ensure system readiness before the event.
- Provided on-site technical support by troubleshooting hardware and software issues, ensuring uninterrupted technical operations throughout the competition.

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Project Lead <i>TAGI PROJECT (Teman Berbagi)</i>	Aug. 2023 - Present <i>Tangerang</i>
• Founded and led a volunteer-based community initiative to provide food assistance for people in need. • Organized fundraising activities and managed donation funds to support food procurement and distribution. • Coordinated volunteers and successfully distributed food packages through community-driven collaboration.	
Design and Media Staff <i>Informatics Engineering Student Association (HIMTI)</i>	Sept. 2023 – Sept. 2025 <i>Jakarta</i>
• Designed visual assets and video content to support organizational branding and events. • Managed digital documentation and maintained organized archives of organizational activities. • Collaborated with the creative team to produce engaging social media content and promotional materials.	
Event Division Staff <i>FKTI 2024 (Forum Keakraban Teknik Informatika)</i>	Aug. 2024 <i>Bogor</i>
• Collaborated with multiple divisions to organize an annual event attended by over 150 participants. • Managed participant registration, attendance, and event administration. • Coordinated event logistics and operational activities to ensure smooth execution. • Served as the Master of Ceremony (MC), facilitating event sessions and maintaining audience engagement.	
Committee Member – Community Service Program Faculty of Computer Science, Universitas Mercu Buana	May. 2024 <i>Jakarta, Indonesia</i>
• Served as a committee member in a community service program organized by the Faculty of Computer Science, Universitas Mercu Buana, collaborating with faculty members to deliver a website development workshop for SMP Al-Abror, West Jakarta. • Designed event materials, including certificates and banners, to support the workshop activities. • Prepared and provided technical support for computers used during the workshop, ensuring all systems were ready for participants. • Assisted junior high school students by answering questions and guiding them throughout the website development learning sessions.	

SERTIFICATION

BNSP - Software Engineer by Badan Nasional Sertifikasi Profesi	Nov 2025
Belajar Pengembangan Web Intermediate by Dicoding Indonesia	Juli 2025
Belajar Fundamental Front-End Web Development by Dicoding Indonesia	April 2025
Belajar Dasar Pemrograman Javascript by Dicoding Indonesia	Maret 2025
Programming Logic 101 by Dicoding Indonesia	Feb 2025
Belajar Dasar Git dengan Github by Dicoding Indonesia	Feb 2025
Data Analytics and Gen AI by PT Revolusi Cita Edukasi (RevoU)	Des 2024

SKILLS

Programming Languages: JavaScript, Python, HTML5, CSS3
Frameworks & Libraries: React.js, Tailwind CSS
Databases: MySQL
Developer Tools: Git, Postman, Android Studio, Visual Studio Code, Figma
Microsoft Office: Excel, Word, PowerPoint
Design Tools: Canva

LANGUAGES

Indonesian: Native
English: Intermediate
